

About the Program

Parkinson Partners is pleased to work with Bright Star Care in order to provide respite care services to those living in Erie County. Thanks to a generous grant from the Hamot Health Foundation's Parkinson Care Fund, Parkinson Partners can offer free respite care service for approximately 20 hours a year. Bright Star Care will provide qualified caregiver services for your loved one in the comfort and security of their own home. This benefit can be renewed each year; however, unused hours do not carry over. This program provides the opportunity for the primary caregiver to leave the house knowing that your loved one is still receiving the very best care in your absence. Staying involved in outside activities not only provides the primary caregiver with much needed relief, it also helps prevent caregiver burnout.

The Parkinson Respite Care Program Provides

- \$500 a year (July 1st – June 30th) towards home care so the current caregiver can receive some “me time” to engage in their own interest and hobbies, without having to worry about their loved one.
- Peace of mind knowing that your caregiver is an employee of Bright Star Care who has been screened, hired, trained, insured and bonded.
- A dedicated staff available to assess your loved one and answer questions related to care concerns.
- Maintain continuous care in their own environment.
- Personalized one-on-one interaction.
- Care delivered by knowledgeable caregivers, who were trained in caring for individuals with PD.
- Observation and/or assistance for safe transfers and ambulation.
- Care focused to provide optimal wellness, independence and dignity.

Getting Started

Each participant must complete an application for enrollment. Applications can be requested by calling Parkinson Partners at 814.899.3030 or it can be downloaded from Parkinson Partners' website, www.parkinsonpartners.org. Once the application has been reviewed, Bright Star Care will contact the client to set up a free in-home assessment. From this assessment, an overview of services will be developed and provided by Bright Star Care. The complimentary respite care hours will be scheduled by the primary caregiver with shifts being a minimum of two hours in length.

About Bright Star Care

Bright Star Care is a non-medical home care agency that provides assistance with daily living activities along with the important social interaction needed to help adults stay healthy, happy and at home. Services include but are not limited to personal care (bathing, toileting, dressing, grooming etc.), transportation, medication reminders, home support (vacuuming, dusting, laundry, ironing etc.), meal preparation, ambulatory and transfer assistance, Alzheimer's, dementia and Parkinson's care, respite care and more.

Parkinson Partners Respite Care Program

If you feel overwhelmed by the daily responsibilities of caring for a loved one who has Parkinson's Disease, our Respite Care program allows caregivers "time off" to address their own needs while a substitute caregiver tends to the needs of their loved one with PD. Parkinson Partners of Northwestern PA has established a relationship with Bright Star Care in order to provide respite care services in Erie County.
